Subject: Hot issue for Davis Refinery
Meridian conference call 7.19.17 Summary.docx

Week of August 7, 2017 Air Hot Issues-WARS.docx

Hi - Here is the hot issue along with the notes from the last meeting which Carl asked me to send him. After you review the paper, please forward to him. I'm not sure if we are tracking the Past Week Accomplishments so let me know if that needs to be deleted. It still shows tracked changes from last week.

Thanks,

Gail Fallon
